Perhaps I'll start with the fact that I love the games of the genre of action The game welcomes you with interesting music and a pleasant level of pumping your ship.. [ly/2SMw5w5Mirror ->>->>->> http://bit.ly/2SMw5w5About This Game](#) Tower defense is not! Tower Attack! Turret Attacking Platform.

The game is not demanding and easy to interface, which can not but rejoice I like such games where you need to develop, build buildings, improve and simply progress.. Wow, a very exciting strategy turned out This is a strategy mixed with action Here, the player needs to develop, improve, build, and so on.. Interesting game This is very beautiful, especially if you bleed a little, you can make colorful rocket attacks on the bases.. They give us their transport, which you will develop There are updates for the game, so many bugs will disappear, that is, they will be repaired, which also gives a positive side.
